Office hours: MWF 10:00-12:00 PM.

2 Prerequisites:

We will continue on the concepts we built in PHYS 320. Thus, “PHYS 320: Electricity and Magnetism-I” will be prerequisite for the course. In PHYS 320 we introduced the Maxwell equations and explored electromagnetism in presence of dielectric materials. We studied electrostatics in detail. Before PHYS 320, one should have completed PHYS 203B, and also completed PHYS 301. An earlier exposure to Maxwell’s equations in integral form will be assumed. A strong aptitude for algebra and basic mathematical techniques will be necessary for the course. Familiarity with the following topics will be assumed: vectors, complex numbers, differential and integral calculus, matrices and determinants, eigenvalue problems, elementary differential equations.

3 Course description

Textbook

Introduction to Electrodynamics, 4th Edition, by David J. Griffiths.

We will cover magnetostatics. Special Relativity will be motivated from the Maxwell’s equations and Lorentz transformation of electric and magnetic fields will be derived. Radiation from moving charges will be covered in detail. Propagation of electromagnetic waves in dielectric medium, scattering, and diffraction will be covered, if time permits.

It is advisable to download relevant materials to your computer, because the website (or the internet) could be occasionally down.

4 Course work

Evaluation

Homework	40 %
Midterm Exams ($3 \times 15 \%$)	45 %
Final Exam	15 %

Homework

Homework will be assigned roughly every ten days. It will be available on the course webpage. Students are encouraged to discuss homework problems with their classmates, instructor, and anyone. But, each student should submit their own work describing detailed steps of thought process.

Exams

Four examinations (including the final exam) will be administered.

Midterm Exam 1	February 6 (Wednesday, in class)
Midterm Exam 2	March 6 (Wednesday, in class)
Midterm Exam 3	April 10 (Wednesday, in class)
Final Exam	May 10 (Friday, 2:45-4:45 PM, in class)

The exams will assess you on concepts covered in lectures and homework. Midterm exams will be administered in class. All the exams will be cumulative, but you are recommended to concentrate more on topics covered in the later part of the semester.

Grading

The grading will be done on a scale of 0-100. This Raw Score x (out of 100) should be used to assess your knowledge in the subject. The raw score will be converted to the university scale using the following formula for Your Score x' ,

$$x' = x + a(100 - x), \quad (1)$$

where $0 \leq a \leq 1$ is the curve parameter. The curve parameter a is calculated as

$$a = a_0 \frac{(1 + 0.50y)}{2}, \quad (2)$$

where a_0 is the primary curve parameter that is decided by the instructor. The curve parameter can be boosted by submitting problems assigned for Extra Credit, y being the total score in Extra Credit submissions (out of 1.00). For example, for $a = 0.50$, a Raw Score of 60 will lead to Your Score of 80.

DIVERSITY

Southern Illinois University Carbondale's goal is to provide a welcoming campus where all of our students, faculty and staff can study and work in a respectful, positive environment free from racism and intimidation. *For more information visit:* <https://diversity.siu.edu/#>

DISABILITY SUPPORT SERVICES

SIU Carbondale is committed to providing an inclusive and accessible experience for all students with disabilities. Disability Support Services coordinates the implementation of accommodations. If you think you may be eligible for accommodations but have not yet obtained approval please contact DSS immediately at 618-453-5738 or <https://disabilityservices.siu.edu>. You may request accommodations at any time, but timely requests help to insure accommodations are in place when needed. Accommodations and services are determined through an interactive process with students and may involve consideration of specific course design and learning objectives in consultation with faculty.

MILITARY COMMUNITY

There are complexities of being a member of the military community and also a student, and military and veteran related developments can complicate academic life. If you are a member of the military community and in need of accommodations please visit Veterans Services at <https://veterans.siu.edu/>

STUDENT MULTICULTURAL RESOURCE CENTER

The Student Multicultural Resource Center serves as a catalyst for inclusion, diversity and innovation. As the Center continues its work, we are here to ensure that you think, grow and succeed. We encourage you to stop by the Center, located in the Student Services Building Room 140, to see the resources available and discover ways you can get involved on the campus. *Visit us at* <https://smrc.siu.edu/>

SALUKI CARES

The purpose of Saluki Cares is to develop, facilitate and coordinate a university-wide program of care and support for students in any type of distress—physical, emotional, financial, or personal. By working closely with faculty, staff, students and their families, SIU will continue to display a culture of care and demonstrate to our students and their families that they are an important part of the community. For Information on Saluki Cares: call(618) 453-2461, email siucares@siu.edu, or <https://salukicare.siu.edu/>

SAFETY AWARENESS FACTS AND EDUCATION

Title IX makes it clear that violence and harassment based on sex and gender is a Civil Rights offense subject to the same kinds of accountability and the same kinds of support applied to offenses against other protected categories such as race, national origin, etc. If you or someone you know has been harassed or assaulted, you can find the appropriate resources here:

WITHDRAWAL POLICY ~ Undergraduate only

Students who officially register for a session must officially withdraw from that registration in a timely manner to avoid being charged as well as receiving a failing grade for those classes. An official withdrawal must be initiated by the student, or on behalf of the student through the academic unit, and be processed by the Registrar's office. For the proper procedures to follow when dropping courses and when withdrawing from SIU visit:

<https://registrar.siu.edu/students/withdrawal.php>

INCOMPLETE POLICY~ Undergraduate only

An INC grade may be assigned when, for reasons beyond their control, students engaged in passing work are unable to complete all class assignments for the course. An INC must be changed to a completed grade within one full semester (undergraduates), and one full year (graduate students), from the close of the term in which the course was taken or graduation, whichever occurs first. Should the student fail to complete the remaining course requirements within the time period designated, the incomplete will be converted to a grade of F and such grade will be computed in the student's grade point average. *For more information visit:*

<https://registrar.siu.edu/grades/incomplete.php>

REPEAT POLICY

An undergraduate student may, for the purpose of raising a grade, enroll in a course for credit more than once. For students receiving a letter grade of A, B, C, D, or F, the course repetition must occur at Southern Illinois University Carbondale. Effective for courses taken Summer 2013 or later, only the most recent (last) grade will be calculated in the overall GPA and count toward hours earned.

This policy will be applied to all transferrable credit in that only the last grade will be used to calculate grade point average. Only those courses taken at the same institution are considered repeats under this policy. *See full policy at* <https://registrar.siu.edu/students/repeatclasses.php>

SIU's EARLY WARNING INTERVENTION PROGRAM (EWIP)

Students enrolled in courses participating in SIU's Early Warning Intervention Program might be contacted by University staff during a semester. More information can be found at the Core Curriculum's Overview webpage: <https://corecurriculum.siu.edu/program-overview/>
